

Save BIG on Your Shipping Costs This Spring with UPS Freight®!

Cutting costs is a must for your business. As you begin to organize your orders in the coming year for supplies, parts, and necessary equipment, remember your customized pricing through the UPS Freight Savings Program. UPS Freight has the logistics to save you both time and money. Savings you can put towards your companies' bottom line and more time spent with your customers.

Through the UPS Freight Savings Program, members can save an average of \$570 per LTL freight shipment*! Your Association discount will apply on your Outbound Prepaid shipments, Inbound Collect (Purchased) shipments and third party shipments billed to your company.

When purchasing your pest management supplies and materials this year, consider asking your vendors to ship them inbound COLLECT. Don't miss these savings, this small change will insure you get the maximum savings on each shipment.

To take advantage of these customized savings, ENROLL today by calling or emailing your dedicated UPS Freight Associations Team. We'll give you a free quote on any shipment! There are never any fees or minimum shipping requirements, just customized discounts to save you money.
